# FINANCIAL TERMS AND CONDITIONS

*All sales are subject to LDPI Terms and Conditions of Sale*

1. Credit will be extended only upon approval of this Credit Application.
2. All invoices are payable within the terms extended to the Buyer. Unless otherwise specified by LDPI, all terms are net 30, subject to LDPI's approval of Buyer's credit. Buyer agrees to be liable to LDPI, Inc. for all charges incurred on Buyer's account.
3. Failure of Buyer to maintain account current will result in the refusal of credit and all future purchases must be on a C.O.D. basis.
4. The title to all unpaid goods on a C.O.D. basis shall remain at LDPI, Inc. until full payment of same has been received.
5. The undersigned authorizes LDPI, Inc. to deliver material to any apparent representative of the Buyer and waives the right to deny such person's authority to sign for the receipt of material.
6. Buyer grants Seller a purchase money security interest in all unpaid goods (which shall serve as the collateral for this security agreement) and these goods shall remain personal property until the unpaid purchase price, and any costs, are paid in full. This purchase money security interest shall apply wherever these goods are located. By signing any quote, purchase order, request for purchase or quotation, order confirmation or contract, Buyer shall be deemed to have provided an authenticated signature under the Uniform Commercial Code (UCC) and these terms shall be deemed incorporated by reference into all such writings. Buyer shall allow Seller to file any financing statement evidencing this security interest and these terms shall be deemed by the parties to constitute a security agreement under the UCC. Until paid in full, Buyer shall not encumber, allow any lien to attach or convey the goods. Buyer shall be responsible for maintaining insurance on all unpaid goods for the invoice amount. In the event that the goods are not paid under the terms of Seller's invoice such nonpayment shall act as a default and allow Seller the right to exercise its security interest in the collateral. In the event that the goods are affixed to real property Buyer acknowledges that Seller may file a mechanics lien against the property to which the goods are affixed.
7. LDPI, Inc. reserves the right to charge interest on all past due accounts at the rate of Eighteen Percent (18%) Per Annum, but in no event shall this rate exceed the maximum interest allowed by state law or the laws of the United States applicable to this transaction, whichever is greater.
8. The Buyer agrees to pay all costs of collection, including reasonable attorney's fees and court costs, in the event it becomes necessary to enforce payment.
