DESCRIPTION

The 380 Series is a must for any Explosive Atmosphere Location! (see listings below) This product has five different hub entries at each end enabling the installer to wire the fixture for more desirable angles than a single entry. The center located ballast allows for a more balanced fixture for ease of installation and weight distribution. The 380 Series is available in 2' & 4' lengths for 2, 3, & 4 lamp combinations in T5, T5HO, T8, T8HO, T12 & T12HO. Lamps included.
