DESCRIPTION

The 387 Series is cast aluminum in construction that allows for 13-26 watts in compact fluorescent lamps or 50, 70, or 100 watts of H.I.D. in both Metal Halide and High Pressure Sodium lamps. The product is suitable for wet locations and vapor-proof making it easy to hose down for cleaning if necessary. The 387 Series has a prismatic globe for even light distribution and is available in ceiling or wall mounting options with optional dome and angle reflectors.
